MEMORANDUM

Date: August 24, 2017

Atten: Municipal Council

Subject: National Grid Utility Pet. #24347882
Elm Street proposed Pole Location Petition received 8-18-2017

The Amesbury DPW has reviewed the proposed Pole Petition as requested by National Grid for Elm Street in Amesbury on Plan # 24347882 dated August 3, 2017 and received by the City Clerk on August 18, 2017. While the DPW has no significant concerns with the placement of the poles, the proposed location for the poles is on State Property and will need to go to MADOT for State approval. MADOT reportedly, currently has plans to construct a new parking lot and portions of a new bike path in the location of the proposed poles to tie into the Salisbury Ghost Trail. The DPW review was completed to address the City's concerns of possible underground utility conflicts. This review was not intended to provide any indication that the property owners or abutters to the proposed work locations (including MADOT) have no concerns with the pole petition.

Prior to installation of any Poles, Dig safe, the City of Amesbury Department of Public Works, and the City Water and Sewer Departments shall be informed of the proposed activities.

Should additional information be required, please feel free to contact Rob Desmarais, DPW Director, or myself.

Sincerely,

Peter A. Manor
City Engineer
