Section One: The Need for Incentives

1. Mutual Goals

As far back as September 17, 1998 the Town of Amesbury completed the “Economic Diversification Strategy”, which was followed by the “2002 Redevelopment Plan - Lower Mill Yard”. In 2007 the Golden Triangle study articulated the development potential of properties adjacent to I-495 and I-95. Both the Millyard and the Golden Triangle areas represent development opportunities facing constrained sites. In May of 2001 the Terrasphere plan, comprised of a mix of land uses, was developed as a full buildout in the South Hunt Road area. The Terrasphere plan did little to assess the extensive slope issues for the proposed projects. The plans near interstate highways represented open land that requires roadway improvements, connections to local roads, and mitigation of environmental constraints in order to fully utilize the site. The development constraints, in the Golden Triangle and Terrasphere, limit development potential for the highest and best users, and, as a result, development opportunities require more aggressive financial approaches to facilitate jobs and economic growth.

Neither of the above plans addressed off-site costs to facilitate growth; therefore, as we move forward, the mitigation necessary to make projects viable are now part of the incentives package. The Leverage Economic Access for Development, or LEAD, program was instituted in 2016 to serve as a foundation for policy to establish partnerships toward solving the infrastructure issues.

Those seeking development sites want a location that meets their needs as expressed in a cost effective project with no surprises. Sites with extraordinary costs, such as off-site traffic improvements, Brownfields, and environmental constraints, generally do not attract development proposals. While businesses want readily developable sites, the City needs businesses that respond to criteria such as: job creation, additional tax revenue, minimal municipal service impacts, and a business mix that meets the needs of the community. These needs, site suitability for the developer, and preferred land use for the City, are not mutually exclusive; in fact, they align well when the correct incentive programs are established.

An incentive package should target the capital needs of a preferred project to tie the incentive to level the playing field to attract uses that the community needs and prefers; therefore, the program is not an outright subsidy, but rather the incentive program becomes a tool to overcome constrained sites so that the City can attract business and create jobs.

2. Targeting the TIF to Extraordinary Costs

The TIF program is a financial tool that provides a community with a competitive edge to attract business, create investment opportunities and create jobs. The TIF program allows a reduction of taxes for the value of the new development improvement, called the incremental increase, and not for the current value of the property, the base value. The current taxes on the property are not lost, only the taxes on the additional new value are impacted, by reallocation to cover extraordinary development costs by the developer. The incremental increase is represented by the improvements made to a property which are necessary to create the economic opportunity. The tax incentive can run for a twenty-year period, the City policy limits the period to fifteen-years in all cases thus far. This plan advocates that the TIF program be used to allocate a percentage of new tax payments to mitigate the additional site costs that are above a typical development of this type. The City advocates that the TIF should be used to make a project work financially, to overcome extraordinary costs and share in the burden. A TIF allows the growth to happen sooner as the incentive makes the site financially viable. This places the development in the hands of the City as a partner, as favorable opportunities arise.

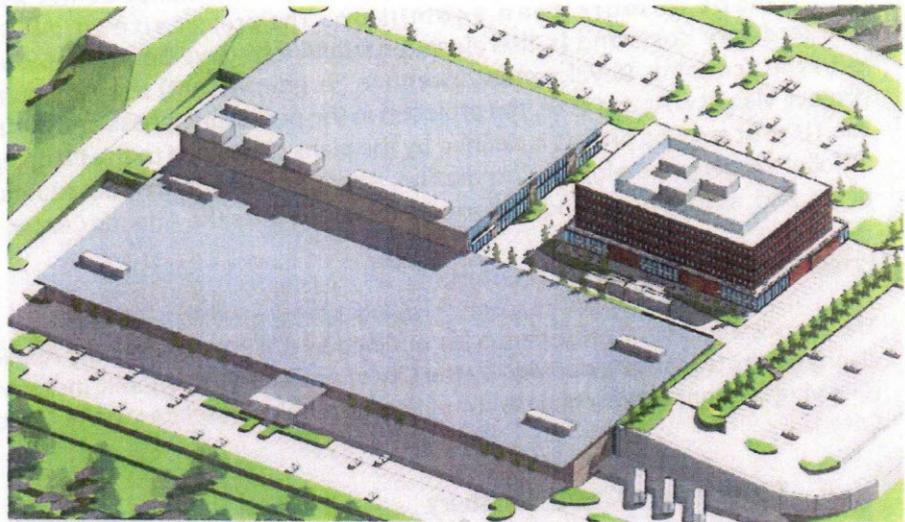

To create support for a TIF program and to incentivize key sites, the City has developed the “*Economic Incentive Guidelines March 2014*”, and received approval in April 2014. The intent of the guidelines is to create an organized, equitable, and rational process to achieve the economic goals of the City through the EDIP. The following section of this plan outlines the conformance of the proposal with the guidelines.

https://www.amesburyma.gov/sites/amesburyma/files/u191/economic_incentives_tif.pdf

Section Two: The Atlantic Center

Introduction

This section outlines the proposal for use of the TIF program, and how that proposal meets the criteria outlined in the "Economic Incentives Guidelines" adopted by the City. Global Property Developers is planning on developing a 410,000 square-foot athletic complex titled The Atlantic Center (see adjacent figure). The description of the project and company background is provided below, followed by the comparison of the project with the applicable criteria.

Atlantic Sports Center

cbt

Applicant Business Background and Proposal

Global Property Developers Corporation (Global) is committed and focused on providing clients with a collection of talented representatives to deliver success. Delivering success requires the Global team to address the issues of development complexities individually as well as collectively. Global's personnel provides extensive experience with the coordination of the technical needs of real estate development including planning, development, finance, design, construction, and management. Global's strategic vision and experience is structured to deliver real estate programs through the decades of dedication and hands on experience. Together with the equity team, Global provides individual and relentless positive attention to the detail. The Global goal is to provide each project with an enduring legacy of creativity, class, quality and value. An old Navy phrase applies to each development program at Global, "what gets measured, gets done."

Global, as an entity, is actively open to review new opportunities. Global works within many structures to create successful developments. Global self-develops as its own equity principal, works in joint venture with land or equity teams, and provides project-fee-only services as the team's owner project manager, (OPM). Global's analysis of assets and flexible thinking has opened opportunities to create wealth across New England.

Established in 2004 by Stephen Callahan, Global is the result of the restructuring of an organization with heritage to 1954. The firm was created to focus on the real estate development segment of the industry. Global's founder Stephen Callahan was a principal with John T. Callahan and Sons prior to this reorganization. The firm's second generation growth included property development, not only in New England, but in Florida and the Southeast. Together with his four brothers, the firm's functions were formalized and reorganized, with John Callahan forming JTC III and moving into Florida offices, Pat, Tim and Mike reorganizing under the moniker Callahan Inc. and Steve dedicating his collective time to Global here in the New England Region. Global Property Developers Corporation provides real estate development services throughout the Northeast. Headquartered in Bridgewater, MA, Global's diversified services provide landowners, financiers and joint venture partners a sole source development solution. Global masterplans include residential, commercial, mixed-use, resort and institutional properties in urban and non-urban sites across New England.

As per the EDIP Letter of Intent and Preliminary Application (see Appendix 1) Global is proposing to construct and operate a facility known as The Atlantic Center. The facility is proposed as a 410,000 square-foot athletic facility, with six hockey rinks (A), a 300-seat conference room and restaurant (B), and a 130,000 square-foot office building (C), in

Amesbury, MA (see Appendix 2 for Site Location). The Atlantic Center, as proposed, would require an investment of more than \$40 million. The project site at 24 South Hunt Road has many extraordinary costs and is, therefore, prohibitive to development. Global is seeking benefits associated with the Economic Development Incentive Program (EDIP) to help defray these costs and increase the project viability. At this time, the project is in the permitting phase and has not begun construction until after the TIF process. The project is defined by the plans submitted to the Planning Board on February 13, 2018, titled: "Global Property Developers Corporation, Atlantic Sports Center, dated January 10, 2018", comprised of 39 pages and, as may be amended, hereafter referred to as the Atlantic Center.

Project Compliance with Local Criteria

The proposal for the Atlantic Center, as outlined by the EDIP Preliminary Application, represents a project which clearly meets the criteria outlined by the City of Amesbury "Economic Incentive Guidelines March 2014". The following sections represent a review of the proposal, as it relates to the City of Amesbury local Certification Criteria.

A. TIF Plan Goals City of Amesbury

This project will meet the goals, as excerpted from the City of Amesbury "Economic Incentive Guidelines March 2014", and, as more specifically described in the below sections.

- Provide a means to stimulate private capital investment in commercial and industrial properties, resulting in a substantive increase in net taxable property value.
- Encourage qualifying existing businesses to expand within the City of Amesbury.
- Attract new businesses that are compatible with the City of Amesbury.
- Foster reconstruction and renovation of vacant or underutilized commercial properties.
- Provide private funds to leverage public improvements that are mutually beneficial and necessary for the City and business community.
- Diversify the tax base and reduce the burden on residential properties.
- Stimulate the creation of jobs paying above the area median-income for Amesbury.
- Increase the expediency at which redevelopment occurs by changing the financial options to development, in a manner that favorably alters the financial feasibility.

B. Criteria

The following criteria result from the City of Amesbury "Economic Incentive Guidelines March 2014". This is a review to determine compliance with those incentives.

1. **Job retention and/or creation:** The overall project will have approximately 400 people working at the facility through a mix of new and relocated businesses. Given the 130,000 square feet of office space the high end of the typical standard is 400 square feet per person, which equates to 325 persons. The employment will include a range of positions and full/part time status. For the purpose of this process the test for job creation requires new full time jobs as outlined in the Agreement, and the Preliminary application, and the EDIP standards, as outlined in Appendix 3. The City guideline for the local requirement is one job for every \$50,000 in tax incentive provided. In all projects the minimum level of jobs created must be consistent with state requirements for Certified Project. Using the total jobs that may be employed in the facility (400) the project would qualify for \$20,000,000 in incentives. Again not all of the positions would qualify under the EDIP definitions. Therefore using the EDIP definition the new full time jobs must be created by the facility, not transferring from other locations, are an anticipated at a conservative 50 FTE's (Full Time Equivalents) over a five-year period. This does not meet the local standard and will require a waiver from the \$50,000 per job requirement. The developer believes this is a very conservative estimate of job creation to meet the definition.
2. **Business Loss of Opportunity to City:** The applicant has clearly indicated that in the absence of the incentive proposal that they will not proceed with the project. The site has been vacant for over two decades and has not seen a viable proposal other than this developer. As cited from the Preliminary

Application: "The project has many extraordinary costs and is therefore prohibitive to development." The spreadsheet for these costs is shown below. The total site package is \$12,994,186 and the extraordinary costs are \$6,000,206; the City has settled on an estimated \$4,500,000 to amortize over 15-years. The nature of the costs are related to the site. The site has terrain constraints that are not typical in other sites. The terrain forces the building to the top of the site which requires a longer roadway and utilities. This is the only site in Amesbury that would support the facility this close to an interstate; therefore, in the absence of this site, the developer would NOT be locating in the City. The costs to develop this site must be amortized to reflect a typical site for these facilities to provide a competitive advantage for the facility.

Atlantic Center - Site Costs - Typical Costs Compared to Constrained Site Costs					
Category	Div. 02	SITE WORK	Estimated Price	Total - 9/5/2017	Design and Extraordinary costs
GENERAL CONDITIONS		Subtotal - General Conditions (Site Work)	\$ 540,000.00	\$ 575,000.00	\$ 35,000.00 Add
SITE PREP EXCAVATION & BACKFILL		Subtotal - Site Prep Excavation & Backfill	\$ 2,475,600.00	\$ 3,849,200.00	\$ 1,373,600.00 Add
UTILITIES		Drainage - Subtotal	\$ 514,520.00	\$ 2,386,340.00	\$ 1,871,820.00 Add
		Subtotal - Sewer	\$ 93,240.00	\$ 147,840.00	\$ 54,600.00 Add
		Subtotal - Water & Fire Service	\$ 59,780.00	\$ 304,956.00	\$ 245,176.00 Add
		Subtotal - Electric	\$ 247,080.00	\$ 563,740.00	\$ 316,660.00 Add
		Subtotal - Gas	\$ 12,360.00	\$ 16,820.00	\$ 4,460.00 Add
PAVING / CURBING		Subtotal - Paving / Curbing	\$ 1,652,500.00	\$ 2,104,700.00	\$ 452,200.00 Add
EARTH RETAINAGE		Subtotal - Earth Retainage	\$ 456,500.00	\$ 1,624,800.00	\$ 1,168,300.00 Add
SITE IMPROVEMENTS		Subtotal - Site Improvements	\$ 942,400.00	\$ 1,420,790.00	\$ 478,390.00 Add
		TOTAL SITE WORK:	\$ 6,993,980.00	\$ 12,994,186.00	\$ 6,000,206.00 Add

3. **Company Risk:** The nature of the economy, site, and type of business indicates that the applicant is willing to take reasonable risks to move forward with the project. Risk is inherent in a tenant and contract-based revenue. The lack of tenant commitment introduces substantial risk for investors, given the variable demand for office space. The contract-based clients will be teams taking part in events, which is dependent on continued success of the sport and competition with other venues. The diversity of the site in the conference center, athletic venues, and office space, creates a coordinated approach; however, this approach is dependent in the first ten-years on an ever-increasing demand for new contract clients, expanding and continued use of the events center, combined with positive occupancy rates in the office portion. Taken together, changes in contracts and occupancy cause income—and the cash flow—to be quite volatile over the course of a business cycle. This problem is further complicated by the nature of cash flows and their dependence on the cost of wages and supplies, facility operational costs, as well as the costs of financing. The use of an incentive with a higher percentage in the first five years can provide a measure of fiscal security against risk taken by the developer.
4. **Incentives Limited and Required:** Based on a review with the applicant, no other incentives are available within the timeframe of the developers' rapid construction schedule to address the additional costs associated with the site development. The City is engaged in an agreement to address off-site traffic mitigation through a District Improvement Financing proposal.
5. **Offsite Impacts and Mitigation:** The project will not overburden or harm the City's existing infrastructure. The site plan review process addressed issues of infrastructure, with the coordination of review through multiple departments. The impacts are, therefore, known and acceptable. The City is working on a traffic plan for the area, which will incorporate this site as more development occurs.
6. **On-Site Impacts Mitigation:** The project will invest in on-site mitigation, representing extraordinary costs which are required to overcome development constraints. The applicant has provided (see Appendix 4) correspondence from the contractor indicating the costs associated with site development that exceed normal project costs. Item 2, above, indicates the relative costs for the development site package, and the extraordinary costs.

7. **Project Capacity to Leverage Investments and Economic Development:** The project will create an economic ripple effect as a result of, but not limited to, the following, and information in Appendix 5:

Athletic Facility- Ice Rink Focus - Comparisons

Center	Location	Sq. Ft	Rinks	Annual Attendance	Visitors per Rink	Notes
Town Toyota Center	Washington	187,000.00	2	440,000.00	220,000.00	5,000 seat rink
Bill Grays Ice Center	Rochester NY	170,000.00	4	1,500,000.00	375,000.00	Trade show and conference floor
Pettit Center	Milwaukee WI	200,000.00	2	430,000.00	215,000.00	Speed skating ovals
Schwan Super Rink	Blaine MN	300,000.00	8	2,000,000.00	250,000.00	Part of large sports complex
Florida Hospital Ice Center	Wesley Chapel Fla	150,000.00	4	1,000,000.00	250,000.00	Basketball, soccer also
Kingsbridge Armory (est)	Bronx NY	575,000.00	9	2,000,000.00	222,222.22	5000 seat rink, 100 at others
The Atlantic Center (est)	Amesbury Mass	410,000.00	5.5	825,000.00	150,000.00	Full service with conference center
	Averages	284,571.43	5	1,170,714.29	240,317.46	

Direct Impact

Direct impact includes all projected revenues that will be generated from consumers at the Atlantic Center. Direct impact also includes total payroll paid out to employees hired at the facility, in addition to all payroll paid out to temporary construction workers who construct the facility. Global Property Developers' internal marketing analysis anticipates that approximately 500,000 people will be visiting the Atlantic Center, Amesbury, and Greater Essex County.

A review of 6 like facilities nationwide (above table) finds the average annual attendance is over 1,000,000, or 240,000 per rink. A review of tournament results for 25 tournaments (see tables) nationwide, finds an average of 2,700 room-nights per event. The economic impact per tournament is \$2.3 million. The ability to host corporate governance, team-building, and best practice sessions Monday through Friday, will draw business clientele in Massachusetts and border States to Amesbury for their meeting needs.

The result is nearly \$53 million annual impact to the local economy, for all Atlantic Center tournaments combined, when using the figure of \$2.3 million per tournament, from the tournament data. Some of this spending will be in hotel stays, of which the Atlantic Center's 23 tournaments will generate 62,100 room-nights annually.

Fiscal Impact

Fiscal impact refers to all federal, state, and local taxes that will be collected from the development and operations of the new facility. Taxes include all sales taxes collected in association with the generated revenues, as well as all payroll-related taxes collected from full-time employees and temporary construction workers. The City will also collect revenues through lodging taxes, for visitors seeking rooms at the two current hotels within the City. From the research the average visitors' number 2,700 per event, then the hotels, and others in the region, would be fully occupied for the 23 events during the year with over 62,000 room nights. This is the main reason that the developer is proposing a hotel onsite in a future phase. Based on recent data, hotel revenues to the City are up, by 11% between FY 2015 and 2016. As the new hotel came

Atlantic Est*	3,500	\$ 3,684,244	

*estimated rooms nights, economic impact based on average per person.

online there has been a jump from 2017 to 2018. In the period ending December 31, 2017, (halfway point FY 2018) the City has already earned \$241,053. This eclipses the full amount in FY 2017 of \$221,972. Add more stays from the Atlantic Center and the revenues jump considerably.

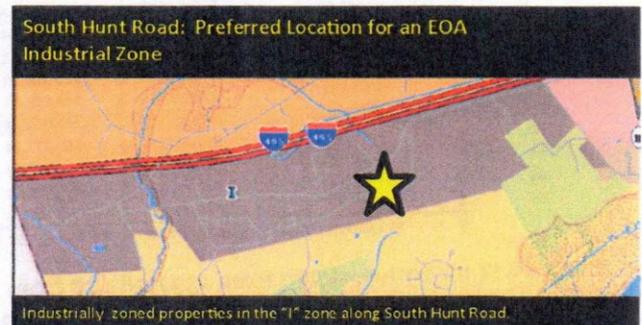

Indirect Impact

Indirect impact includes all jobs and income generated by businesses that supply goods and services to the project. Examples of businesses that will indirectly benefit from the development of a facility include: suppliers of food for the events center, laundry services, insurance and financial services, and trades providing maintenance services. The developer has already communicated with over twenty local businesses to create both internal and external relationships.

Induced Impact

Induced impact refers to economic effects generated when employees (full-time and temporary) and suppliers re-spend their wages on local consumer purchases, for example, an employee may purchase gas for their car on their way home from work. The TIF agreement will require efforts for local hiring, such as a job fair for Amesbury residents.

- 8. **Project Compatibility with City:** The City Council and the Planning Board approved the Sports Entertainment Business Complex (SEBC) zoning for the site, which is currently in front of the Planning Board for site plan review under the new zoning proposal. The site is an allowed use for the zoning district.
- 9. **Project Scale and Coordination:** The project will make full use of the applicable site. The City is in the process of coordinating traffic improvements to facilitate additional development within the South Hunt Road area.
- 10. **Applicant's Readiness and Profile:** The project has received a zoning change to facilitate the development. Subsequent to the zoning change the applicant has prepared new plans that reflect the larger facility. Given progress through the process the plans will be completed by May 2018 for a construction cycle beginning in late summer 2018.
- 11. **Use Eligibility:** The City of Amesbury recognizes the relationship between zoning as a means to manage land use, and incentives as a means to then attract preferred uses. The project meets the requirements as a preferred use within the Economic Incentive Guidelines. In fact, the City amended the zoning to facilitate the development through the creation of the Sports Entertainment Business Complex use, or SEBC.
- 12. **Preferred Location:** The City is particularly interested in TIF Agreements that support projects that enhance the locations outlined in the "City Incentive Guidelines". The project is located in the area near interstate route I-495, as shown on the map titled **South Hunt Road: Preferred Location for an EOA Industrial Zones**, comprised of the Industrial zoning district, including all properties, whether completely or partially in those zones. The EOA report is provided in Appendix 6 of this document.

Section Three: The Atlantic Center TIF Proposal

Global Property Developers is proposing to construct and operate a 410,000 square-foot athletic center with office and conference space at 24 South Hunt Road in Amesbury, MA. The facility, known as The Atlantic Center, will generate substantial positive economic ripple impacts into the community, as indicated in this report. The project is seeking benefits associated with the Economic Development Incentive Program (EDIP) and the attached agreement (Appendix 7) to help defray these costs and increase the project feasibility. The agreement requires approval through the City Council, as outlined in the Order, provided

in Appendix 8.

The project investment is planned for more than \$40 million-dollars. With the current property value for 24 South Hunt Road at \$444,838 the incremental increase for the property is \$39,555,162 million (Assessed Value minus Base Value equals Increment). The site has constraints that represent over \$6,000,000 in additional development costs. Global wishes to achieve a TIF number close to the costs of the constraints, while, at a minimum, seeking \$4,500,000. The City negotiated with the developer running multiple scenarios to achieve a program that addresses multiple objectives. During that process it was determined that both parties required a term shorter than 15-years. The developer wanted more incentive in the first five-years during the risk period, and the City viewed the front-loading as positive to get to full-value taxation sooner.

Proposal Incentive Schedule

The below spreadsheet addresses the issues of both the City and the developer. With an \$1.89 million incentive in the first five-years (see adjacent table), the developer obtains an estimated \$379,000 annual incentive, which provides the funds necessary to get through the more difficult years of the project. Despite the tax incentive over the first five-years, the revenue to the City (\$399,046.79 first-year) is more than forty-seven times the current revenue (\$8,447.47 first-year). The City has negotiated a term shorter than the allowable 20-year. The result is the City is able to get to the full tax-value sooner. After the first five-years, the incentive is lowered by 16%, from 48% to 32% which has less impact in year-six, providing a

Amesbury Mass - Community Development Office - Test TIF - Atlantic Center

# Yrs.	Year	A Tax Pre Development	B Tax Post Development	C Incremental Increase	D Tax Reallocation To Capital Plan Cost	E Est Tax added with TIF	F A + E Tax w Tif and Pre	G Savings Est	
									First Five
									\$ 360,553.21
									\$ 369,567.04
									\$ 378,806.22
									\$ 388,276.37
									\$ 397,983.28
									\$ 1,895,186.13
									Next Five
									\$ 271,955.24
									\$ 278,754.13
									\$ 285,722.98
									\$ 292,866.05
									\$ 300,187.70
									\$ 1,429,486.10
									Last Five
									\$ 230,769.30
									\$ 236,538.53
									\$ 242,451.99
									\$ 248,513.29
									\$ 254,726.13
									\$ 260,939.02
									\$ 1,212,999.24
				(C-A)	(C*tax reallocation)	(C-D)			

\$271,955.24 incentive, down from \$397,983.28 from year-five. As a result of the year-five incentive reduction, the revenue impact jumps from \$440,472.99 to \$587,462.43. The next stage of the TIF (years ten to fifteen) provides more reduction in the benefit from 32% (years six to ten) to 24% in years ten to fifteen. The mid and later years of the development still require incentives to sustain growth; therefore, the reduction, while apparent, is not as rapid.

Without the development the City would receive \$151,479.48 after 15-years. During the same fifteen-year period, with the Atlantic Center investment, the City could realize over \$9,083,420 in revenue, including the current taxes for the base. These numbers are dependent on several factors such as existing estimated values and escalation.

Impact of Grant on TIF

The components of this incentive package includes the use of a District Improvement Financing (DIF) option to address the off-site options. This program will impact the tax revenue from the facility by allocating the funds to the off-site program. The City has been in discussions with the State and understands that the project meets many of the guidelines for MassWorks funding. The City will be applying for grant funds which will write down the costs of the obligation. If the grant funds are not made available, then the City will lower the TIF and increase the DIF to afford the off-site program. This is with the understanding that at some point, in lowering the TIF, the developer may no longer wish to proceed.

Outcome and Recommendations

The question is: Does the City want \$151,479.48 over fifteen-years, or \$9,083,420 over the same period? The balance of the comparisons are shown in the adjacent table. It is clear that the benefit from the project for taxation is evident. The developer views the TIF as a "If not for" the TIF the development would not occur; therefore, the comparison with the "No Development" scenario is valid.

No Development versus Development w/ TIF

Comparison	No		With TIF	
	Development		and Development	Delta
Year 1	\$ 8,447.47	\$	\$ 399,046.79	\$ 390,599.31

Year 15	\$ 11,936.06	\$	\$ 818,568.79	\$ 806,632.73
Total 15	\$ 151,479.48	\$	\$ 9,083,420.02	\$ 8,931,940.54
Site Value	\$ 444,838.00	\$	\$ 40,000,000.00	\$39,555,162.00

The fluctuations in the economy do not provide consistent opportunities for large-project economic development; the lack of development of properties over the past thirty-years in the South Hunt area, (Routes 150 and I-495) is indicative of the lack of possibilities. The highly preferred nature of the proposed use, coupled with the site constraints, create a defensible rationale to provide an incentive. Waiting for a project that can fulfill these same outcomes, that will not require a TIF, will only serve to annually lose the revenue that can be gained by this proposal. The site has been vacant for over two-decades; it is possible that without the Atlantic Center, the next fifteen-years will result in a continued vacancy, and a loss of nearly \$9-million in taxes, and no positive economic ripple impact to hotels and other local business.

Impact of DIF on Process

The combination of the TIF and the District Improvement Program (or DIF) needs to be properly balanced to afford sufficient tax returns to the City. Early estimates of the off-site program find the City will need approximately \$1.2-million in investments for off-site work. This level of investment drawn from the Atlantic project will generate the following outcome, using the same parameters as the above table. The key aspect to the table is the amount of investment that the City is realizing currently, and will realize from the properties in the immediate area of the infrastructure improvements. The I-495 and 150 Area Projects table indicates the current and potential growth in this area. Those projects with current vacant land (M Rice, T Allens, Baileys Pond) will also be the targets for the DIF district. This will disperse the impact of the DIF over several properties. Without the traffic improvements, the development would not move forward, which in turn would not provide improved traffic conditions for the future growth. Essentially using the leverage of the Atlantic Center now provides growth potential for City properties later. A DIF of \$1.2 million from the Atlantic Center leverages \$45 million in new growth from City property and the Atlantic Center Hotel.

No Development versus Development w/ TIF and DIF

Comparison	No		With TIF		Estimated DIF	Delta w DIF
	Development		and Development			
Year 1	\$ 8,447.47	\$	\$ 399,046.79	\$	\$ 70,922.25	\$ 328,124.54
Year 6	\$ 9,557.54	\$	\$ 587,462.43	\$	\$ 75,784.13	\$ 511,678.31
Year 11	\$ 10,813.48	\$	\$ 741,582.92	\$	\$ 83,220.94	\$ 658,361.99
Year 15	\$ 11,936.06	\$	\$ 818,568.79	\$	\$ 91,860.34	\$ 726,708.45
Total 15	\$ 151,479.48	\$	\$ 9,083,420.02	\$	\$ 1,208,573.49	\$ 7,874,846.52
Site Value	\$ 444,838.00	\$	\$ 40,000,000.00			

I-495 and 150 Area Projects

Project	Estimated	
	Investment Value	Description
Amesbury Heights	\$ 28,000,000.00	240 units rental Apartments
Hatters Point	\$ 30,000,000.00	45 units condos
Baileys Pond	\$ 30,000,000.00	100 units townhomes
Near South Hunt	\$ 88,000,000.00	Under construction
Atlantic Center	\$ 40,000,000.00	Athletic Complex
M Rice Property	\$ 15,000,000.00	Office/long term stay
Trader Allen's	\$ 5,000,000.00	Commercial
Hotel Atlantic Center	\$ 25,000,000.00	Hotel
Future South Hunt	\$ 85,000,000.00	Future Projects
Totals	\$ 173,000,000.00	

Beyond the above new investments, a new economic paradigm will generate an economic impact greater than any other single land use in the City.

GLOBAL PROPERTY DEVELOPERS CORPORATION

March 27, 2018

City of Amesbury
City Hall
62 Friend Street
Amesbury, Mass 01913

RE: Intent to Apply For Massachusetts Economic Development Program (EDIP) in
The City of Amesbury

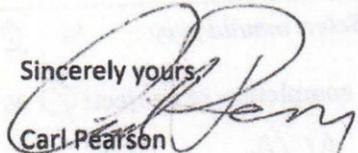

Dear Mayor Gray;

Global Property Developers Corporation (Global), prepares this letter of intent as required pursuant to the Economic Development Incentive Program, (EDIP). Per our meetings and as a follow to the months of discussions, we have worked together to establish this association to deliver our sports programming to the City. Our public private economic interaction creates a relationship/partnership on many fronts. We intend to follow-through with our discussions as the many details of interactions have moved to an advanced situation from our start several years ago, and now apply for the EDIP program benefits.

Global Property Developers Company, (or nominee), is proposing to construct and operate a facility known as The Atlantic Sports Center. The facility proposed is a 410,000 + square-foot indoor athletic facility, at 24 South Hunt Road in Amesbury, with six hockey rinks, a 300-seat conference/function room and restaurant, and a 130,000+ square-foot office building.

The Atlantic Center, as proposed, would require an investment of more than \$40 million dollars. The project site has many extraordinary civil and site related costs and is, therefore, prohibitive to development. Global is seeking benefits associated with the Economic Development Incentive Program (EDIP) to help defray these costs and increase the project viability. Global as proponent and Agent for future Nominee is therefore requesting that you accept this letter as the formal letter of intent required under the Economic Development Incentive Program, (EDIP).

Sincerely yours,

Carl Pearson
Vice President

cc: EDIP Director

March 15, 2018

It has been requested that the Board of Assessors to certify the Original Assessed Value (which is based on a January 1, 2017 valuation date) for the parcel commonly known as **24 S Hunt Rd.** (map/lot = 95/5/B). This was done by the apportionment/allocation of value from a master parcel that has been divided by a recorded plan after January 1, 2017.

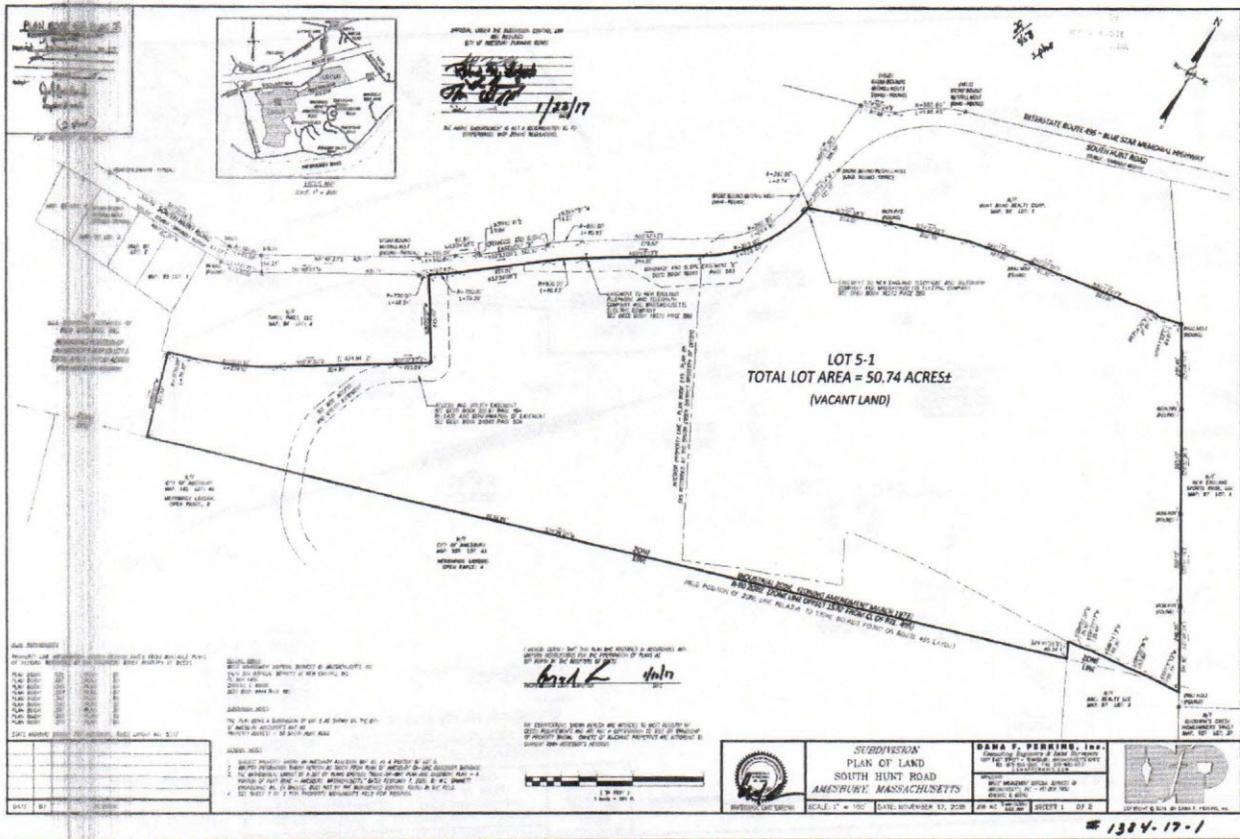

Original Assessed Value (effective date of March, 15 2018) = **\$444,838**

Effective February, 21 2017 the parcel known as 56 S Hunt Rd was divided by a recorded plan (458/29) adding a new address of 24 S Hunt Rd.

Sincerely,

Amesbury Board of Assessors

Appendix 3 EDIP Jobs Definition

COMMONWEALTH OF MASSACHUSETTS
ECONOMIC ASSISTANCE COORDINATING COMMISSION
MASSACHUSETTS OFFICE OF BUSINESS DEVELOPMENT

Executive Development Incentive Program (EDIP) Definition of a "Permanent Job"
(See Appendix 3)

The purpose of the incentive program is "primarily for long-term employment" and is

to be used in the creation of the full-time employment relationship with the Employer. The

Employer must have a bona fide offer of employment with the Employer. The

Employer must have a bona fide offer of employment with the Employer. The

Employer must have a bona fide offer of employment with the Employer. The

Employer must have a bona fide offer of employment with the Employer. The

Employer must have a bona fide offer of employment with the Employer. The

COMMONWEALTH OF MASSACHUSETTS
ECONOMIC ASSISTANCE COORDINATING COUNCIL
MASSACHUSETTS OFFICE OF BUSINESS DEVELOPMENT

Economic Development Incentive Program (EDIP) Definition of a "Permanent Full-time Employee"

For purposes of the tax incentive program, a "permanent full-time employee", is an individual:

(i) who, at the inception of the full-time employment relationship with the Recipient, does not have a termination date that is either a date certain or determined with reference to the completion of some specified scope of work (see M.G.L. c. 23, sec. 3A); **and**

(ii) who receives employee benefits at least equal to those provided to other full-time employees of the Recipient (see M.G.L. c. 23, sec. 3A); **and**

(iii) whose employer (the Recipient) is subject to the unemployment insurance laws *and* who is in employment that is also subject to the unemployment insurance laws (see M.G.L. c. 23A, sec. 3A; M.G.L. c. 63, sec. 31C; and M.G.L. c. 151A, sec. 1(h)); **and**

(iv) whose employment with the Recipient (i.e. his/her "entire service") is performed in the Commonwealth. Upon consultation with EOHED Legal, certain statutory exceptions to this rule may be applicable in unique situations (see M.G.L. c. 23A, sec. 3A; M.G.L. c. 63, sec. 31C; and M.G.L. c. 151A, sec. 3); **and**

(v) who has been paid by the Recipient during a taxable year an amount at least equal to the "unemployment insurance taxable wage base," which is currently \$14,000. Note: The Legislature may amend the amount of the unemployment insurance taxable wage base in the future (see M.G.L. c. 63, sec. 31C; M.G.L. c. 63, sec. 38 and; M.G.L. c. 151A, sec. 14); **and**

(vi) who is compensated by the Recipient with wages, salaries, commissions, and any other form of remuneration paid to employees for personal services performed entirely within the Commonwealth (see section iv regarding statutory exceptions). The amount of such compensation must be includable in the "payroll factor" (a fraction that is the Recipient's total compensation in a year [over] the total compensation everywhere in the Commonwealth) of the "income apportionment formula" that is used to calculate the Recipient's taxable net income (see M.G.L. c. 63, secs. 31C and 38).

Appendix 4 Letter and Spreadsheet Indicating Site Costs from Contractor

March 17, 2018

City of Houston
1500 Smith Street
Houston, Texas 77002

At Austin Sports Center, Houston Water Economic Development Program (HWEDP) for the City of Houston, I am writing regarding the extraordinary site costs.

Dear Mayor Greer,

Global Property Development Company (GPDC) prepared this letter as a supplement to the letter dated 1/23/18 regarding the extraordinary site costs. The letter dated 1/23/18 was prepared by the City of Houston and provided the City with a list of site costs that were not included in the original contract. The City of Houston is currently reviewing the list of site costs and will be providing a response to the City of Houston in the near future.

Global Property Development Company (GPDC) has reviewed the analysis and cost breakdown provided by the City of Houston and believes that the list of site costs is accurate. The City of Houston has provided the City with a list of site costs that were not included in the original contract. The City of Houston is currently reviewing the list of site costs and will be providing a response to the City of Houston in the near future.

In order to ensure that the City of Houston is aware of the site costs that were not included in the original contract, GPDC has provided the City with a list of site costs that were not included in the original contract. The City of Houston is currently reviewing the list of site costs and will be providing a response to the City of Houston in the near future.

RE: Atlantic Sports Center - Massachusetts Economic Development Program (EDIP) Incentive Need request; & information regarding Extraordinary Site costs

Dear Mayor Gray;

Global Property Developers Corporation (Global), prepares this letter as a supplement to its Letter of intent as required to assist understanding of our request, pursuant to the Economic Development Incentive Program, (EDIP). Per our meetings and as a follow to the months of discussions, we have worked together and herein provide the discussed needs for assistance with supplemental cost format.

Global Property Developers Company, (or nominee), has received site analysis and cost estimating detailing the extraordinary changes and increases in sites like those that you will see in the TIF presentation. We present this summary of increased costs as the basis of the request for economic incentive because as originally conceived versus actual estimated civil cost has rendered the program unworkable. Attached are extraordinary site costs including but not limited to Excavation and Backfilling time and costs, Soil on site and off site management, Underground water retention and drainage costs, Retaining wall systems, paving/curb/road costs, utility ie water/sewer systems, etc. and the documented increases across the planning, re-engineering and now permitting modified compliance processes.

In order to confirm current pricing by a well known General Contractor, two well regarded specialty civil and site contractors were also brought in to confirm Callahan Inc's estimating. They have been presented herein. Therefore the chart and request presents the unforeseen costs of the project and its demonstration of project inhibition. Please see the attached and justification for extraordinary costs.

Sincerely yours,

Carl Pearson
Vice President

cc: EDIP Director
Regional Director

RE: Atlantic Sports Center
Amesbury, MA

Per the site planning discussions over the last 18 months, the following summary represents the differences in the project as it has matured and represents the added elements of extraordinary cost.

We have provided a chart detailing the original site assumptions, more commonly anticipated with similar sports/athletic development sized sites and compared them over the past 12 months of growing and added needs derived from added site requirements, engineering and civil suggestions.

In order to be consistent, our team has received two QC civil package reviews and cost estimates to assure our team's approach falls within acceptable price tolerance. See attached.

Atlantic Center - Site Costs - Typical Costs Compared to Constrained Site Costs					
Category	SITE WORK	Estimated Price	Total - 9/5/2017	Design and Extraordinary costs	
GENERAL CONDITIONS	Subtotal - General Conditions (Site Work)	\$ 540,000.00	\$ 575,000.00	\$ 35,000.00	Add
SITE PREP EXCAVATION & BACKFILL	Subtotal - Site Prep Excavation & Backfill	\$ 2,475,600.00	\$ 3,849,200.00	\$ 1,373,600.00	Add
UTILITIES	Drainage - Subtotal	\$ 514,520.00	\$ 2,386,340.00	\$ 1,871,820.00	Add
	Subtotal - Sewer	\$ 93,240.00	\$ 147,840.00	\$ 54,600.00	Add
	Subtotal - Water & Fire Service	\$ 59,780.00	\$ 304,956.00	\$ 245,176.00	Add
	Subtotal - Electric	\$ 247,080.00	\$ 563,740.00	\$ 316,660.00	Add
	Subtotal - Gas	\$ 12,360.00	\$ 16,820.00	\$ 4,460.00	Add

RE: Atlantic Sports Center – Amesbury, MA

Ladies & Gentlemen,

Borggaard Construction Corp. has reviewed the documents provided for the above referenced project consisting of Civil Drawings as prepared by Weston & Sampson dated January 10, 2018 and the goetech response by McPhail Associates and is pleased to provide the following proposal for your consideration and comment.

The scope of work is to include:

1. Clearing & grubbing of the site with off-site disposal of all resulting product; furnish, install, and maintain, the detailed erosion control devices.
2. Strip & stockpile topsoil for processing and re-use in final stabilization of the site. Perform all grading to the subgrade elevations required utilizing ALL onsite materials; note, due to the moisture sensitive soils the grading (cuts/fills), and in an effort to reduce costs and potentially environmental impact/exposure, this work must be completed during the drier months of June thru September of any given year. Failure to adhere to this timeframe will significantly increase the risk/potential of exposing/creating unsuitable material for the fills and environmental/erosion control issues relating to discharge of stormwater and silt from the site.
3. All excess materials resulting from the work associated with Item #2 above, and soils displaced from utility installation and building excavation, is assumed to remain onsite (including topsoil/forest mat) utilizing the designated "Future Development Areas" as depicted on drawing C3.00. No grading plans have been provided to the placement of the fill within these regions, it has been assumed that the smaller area can receive 36,500 CY +/- and the larger area 90,000 CY +/- . See below for the Add Alternate cost associated with preparation (clear/grub, erosion control, strip topsoil, re-loam & seed) for these areas. Note, with no grading provided for these areas, access for placement of the excess material is not provided either; building roads, etc. for the development and placement of the excess material within these areas has NOT been included at this time.
4. Design, furnish, and install the segmental block retaining walls complete to include all select materials, building permit, and inspections; final design for the walls will require more geotechnical information (global stability, friction angles of reinforced zone, etc.) which could impact the assumptions and associated costs relative to this proposal (currently anticipating the re-use of onsite soils for wall structural zone). Interface with proposed fencing and guardrail (sleeves, depth of posts, etc.) in relation to the wall have not been included at this time.

- C2
5. Furnish and install the sewer disposal system from the building to the existing town piping inclusive of structures with drop piping, yard piping, discharge tie-in point, and testing.
 6. Furnish and install the water distribution system complete to include the tapping sleeve connection, ductile iron piping (no poly wrap), fittings, valves, hydrants, testing/chlorination, etc.; one 4-inch and one 6-inch service has been allowed into only one of the buildings to a point above the finished floor elevation, this work is to be completed utilizing BCC work force only (no plumbers, pipefitters, etc.).
 7. Yard drainage piping complete to include piping consisting of both RCP & HDPE, associate precast structures, bentonite dams, and the street connection with traffic control and police details. The stormtech chamber detention systems with piping, manholes/outlet control structures, stone, chambers, etc.; all excess excavated material is to remain onsite, structural fill has been included for placement on top of the stone bedding as required (liners and impact on any segmental block retaining walls has not been reviewed/addressed at this time). The roof drainage system with tie-ins allowed for the yard piping system and/or the referenced stormtech detention systems.
 8. Excavate and backfill only for the proposed gas, lighting, and power/communication systems inclusive of sand bedding, concrete encasement, bollards, precast light pole bases, transformer pad, police details and traffic control inclusive of roadway patching as required for the gas service only. All piping, conduit, wiring, pull string, light fixtures, manholes/handholes, etc. are by others.
 9. Excavate and backfill for the buildings foundation and interior footings to include stone below all footings; note, that NO building related drawings (structural, plumbing, electrical, etc.) have been provided, all foundation assumptions have been based upon our past experiences with similar projects and conditions. Included with the backfill for the high "retaining wall" foundations is a 12-inch stone column and a 3'-0" vertical sectional thickness of structural fill, all other backfill material is to be comprised of onsite materials, all excess excavated material is to remain onsite. A sectional thickness of 12-inches of gravel has been included for below all slabs, an other additional products have been excluded at this time. Note that foundation insulation, below slab utilities, and vapor barrier have been excluded at this time.
 10. Site finishes included with this scope of work include furnishing and installation of select gravels below asphalt pavement, walkways and exterior pads; binder and top pavement sections with asphalt berms, screening onsite stockpiled topsoil and spreading within the landscape areas to include seeding and erosion control blankets on slope steeper than 4:1. Landscaping, plantings, irrigation sleeves and system, signage, pavement markings, and amending of topsoil have been excluded at this time.

Items of work specifically excluded from above are:

1. Bond, police details unless specifically referenced above, fees, testing, inspection, winter conditions, phasing of work, survey control points and benchmarks.
2. Hazardous, contaminated, unsuitable, and regulated materials handling/disposal inclusive of trash and buried items.
3. All rock, ledge, and boulders exceeding dimensions allowed within fill placement.
4. Landscaping, plantings, irrigation system and sleeves, fencing, guardrail, signage, pavement markings, granite/precast curbing.
5. Below slab building utilities, all concrete work, foundation insulation, vapor barrier, water/dampproofing
6. Access roadways, preparation, and stabilization of future development areas as required to stockpile excess material; see add alternate below for site prep and stabilization only.

7. Dewatering beyond the capabilities, for any of the above activities, of a 2-inch electric pump and treatment of discharge water beyond the use of onsite settling basins.
8. Gas piping, electrical/communication conduits, wiring, spacers, fixtures, etc.; employment of plumbers, pipe fitters, etc. to complete any of the above work.

All of the above work can be completed for the lump sum amount of \$11,925,000.00; a bond, if required, can be provided for the additional cost of \$89,030.00.

The asphalt subcontract quote is based on a liquid asphalt price of \$437.50 per ton. Any change in the price of liquid asphalt will require an extra charge of \$0.055 per ton for every \$1.00 per ton increase in the price of liquid asphalt.

Add Alternate:

1. Site Prep for Future Development Areas – Clear & Grub; furnish and install erosion control devices; strip, stockpile, respread (unscreened) topsoil/forest, and seed the Future Development Areas as necessary for the placement of all excess soils in a controlled manor future use. Excess topsoil from the main project will be placed above the designated subgrade elevations for re-use/off-site disposal by others. Note, at this time development grades of these areas have not been provided. Access roads to this work and excavation of the existing soils are not included with this alternate.....\$295,000.00.

Please review all of the above information and do not hesitate to call with any questions; thank-you for this opportunity, we look forward to working with you on this project and future endeavors.

Very Truly Yours,
Borggaard Construction Corp.

William Peckham
General Manager

Appendix 5

Economic Ripple Impact Background

All of the above work can be completed for the lump sum amount of \$1,033,000.00. A lump sum contract can be provided for the additional cost of \$29,000.00.

The actual subcontract price is based on a liquidated price of \$437.50 per sq. ft. The actual price of liquid asphalt will require an extra charge of \$0.50 per sq. ft. for every 24 sq. ft. increase in the price of liquid asphalt.

The Project & Program Development Areas - Class A (Civil, General and Special) areas are located in the central business district, including the downtown area and the downtown area. The Project & Program Development Areas are located in the downtown area and the downtown area. The Project & Program Development Areas are located in the downtown area and the downtown area. The Project & Program Development Areas are located in the downtown area and the downtown area.

It is noted that all of the above information and do not hesitate to call with any questions, or for further information, we look forward to working with you on this project and thank you for the opportunity.

Very Truly Yours,
Regional Construction Corp.

William J. ...
General Manager

Amesbury at the Center of Opportunity

The Atlantic Center Plans

How are we different from every other Hockey Facility ?

We are a complete sports center, a home for organizations.

Facility Features	Typical Ice Facility	The Atlantic Center
Hockey Rinks	Two to six	Six
Stadium sized Rink	Not Typical	2,500 seats 300 seats in other rinks
Restaurant	Concessions to small restaurant	300 seat conference center and restaurant.
Meeting space		
Training Facilities	Weights and some machines, if anything	Fully equipped fitness and physical therapy facility for teams.
Office Space	Related to the operations of the facility	120,000 square feet for professionals Hockey associations, professionals trainers and coaches.
Museum	Not Typical	Museum for the sport with collections
Target	Youth Sports Families	Youth Sports, elite teams, elite coaches, Hockey Organizations, Hockey equipment testing facilities.....
Accommodations	In community short term hotel not connected to facility	Hotel On-site, Dorms coming in second phase for long term academy stay. Tournament booking and events connected to accommodations.
Diversity	Some sites have different sports	Internal diversity for cross training. Video Golf, Pickelball.....

Sports Entertainment Business equals expanded tourism.....

Growth of youth sports ignites a niche in the travel business

By Stephanie Brown, Staff Writer
July 22, 2013

The youth sports travel industry is worth an estimated \$7 billion and is growing by 3 to 5 percent annually, according to the National Association of Sports Commissions, with parents investing thousands of dollars each year for their children to participate in travel teams.

TIME How Kids' Sports Became a \$15 Billion Industry

By SEAN GREGORY August 24, 2017

A range of private businesses are mining this deep, do-anything parental love. The U.S. youth-sports economy—which includes everything from travel to private coaching to apps that organize leagues and livestream games—is now a \$15.3 billion market, according to WinterGreen Research, a private firm that tracks the industry. And the pot is rapidly getting bigger. According to figures that WinterGreen provided exclusively to TIME, the nation's youth-sports industry has grown by 55% since 2010.

Across the U.S., the rise in travel teams has led to the kind of facilities arms race once reserved for big colleges and the pros. Cities and towns are using tax money to build or incentivize play-and-stay mega-complexes, betting that the influx of visitors will lift the local economy.

Forbes August 2016

We're Increasingly Relying on Youth Sports to Keep the U.S. Economy Humming

Bob Cook, CONTRIBUTOR
The National Youth Sports Association

In a \$9 billion U.S. youth sports market, the software for youth and amateur adult league teams at \$389.4 [million] represents 4.3% of the total spending. This is a nascent market, there is no end in sight, markets are expected to reach \$5.9 billion by 2022 [sic]. Sports teams will continue to get more organized and depend on software to provide increased management efficiency. From WinterGreen Research

Forbes August 2017

Youth Sports Tourism Keeps Booming, But How Deep Do Its Dollars Go In Communities?

Bob Cook, CONTRIBUTOR
The National Youth Sports Association

But how much, really, can a community expect in tourism dollars and activity from youth sports? About a month back, I came upon an interesting study that tried to answer that question. So far, the answer is this – the dollars the community gets from visits to hotels and restaurants are good, but in most cases it can't expect families to extend their tourna-cation so it's less tourna-and more -cation.

 ECONOMIC OPPORTUNITY AREA (EOA) DESIGNATION APPLICATION**

A complete application with all required attachments must be submitted in electronic form to your MOBD Regional Director by 5:00 P.M. on the application deadline date. A hardcopy with original signatures and attachments must be postmarked no later than 1 day after the submission deadline and mailed to: EDIP Manager, MOBD, 10 Park Plaza, Suite 3730, Boston, MA 02116. **Applications that are incomplete or submitted after the deadline will not be considered at the scheduled Economic Assistance Coordinating Council (EACC) meeting, without exception.**

PART I. PROPOSED EOA	
1. DESIGNATION OVERVIEW	
Name of Proposed EOA:	The Atlantic Center
Municipality:	City of Amesbury
EOA Designation is for:	<input checked="" type="checkbox"/> New EOA within a previously approved Economic Target Area <input type="checkbox"/> Amendment to a previously approved EOA
The area is being proposed for designation as the applicable parcels meet the eligibility criteria (see definitions as defined in M.G.L. Chapter 121A, §1 and M.G.L. Chapter 23A §3E):	<input checked="" type="checkbox"/> Blighted Open Area <input type="checkbox"/> Decadent Area <input type="checkbox"/> Substandard Area <input type="checkbox"/> Cumulative Job Loss
Effective Time Period for EOA Designation (Designation must remain in effect for a minimum of 5 Years and Maximum of 20 Years)	15 Years
2. EOA BOUNDARIES	
(a) Attachment A: Map of Proposed EOA Please attach a detailed map of the proposed EOA, indicating the existing streets, highways, waterways, natural boundaries and other physical features.	<input checked="" type="checkbox"/> Attached
(i) Please provide a detailed description of the EOA boundaries including parcel numbers and how said area conforms to the definition of either “Blighted Open Area”, “Decadent Area”, “Substandard Area and/or “Cumulative Job Loss” as marked in section 1.	
The proposed EOA is located at 24 South Hunt Road in Amesbury, Amesbury Assessros Map 95 parcel 5/B, Essex County Registry of Deeds Book 458 and Page 29. The site is shown as 50.74 Acres +/- off South Hunt, Parcel, Site Plan, Locus Plan attached.	

3.

REASON FOR DESIGNATION

(a) Please describe the reason for the proposed EOA Designation. Please include:

- (i) A brief narrative of why the EOA designation is important to the community.
- (ii) If a business has indicated an intention to locate or expand within the proposed EOA, please provide the name and brief description of the company. If applicable, attach the letter of intent.

(i) The designation will facilitate the development as outlined below and in the City of Amesbury TIF Plan, and TIF Agreement,

(ii) Designation of the 24 South Hunt Road Economic Opportunity Area, located at 56 South Hunt Road in Amesbury, referenced by Amesbury Assessors Map 95 parcel 5/B, Essex County Registry of Deeds Book 458 and Page 29, comprised of 50.74 acres (hereafter referred to as the PROPERTY), a Tax Increment Financing Zone Application and Tax Increment Financing ("TIF") Plan, a Tax Increment Financing Agreement, by and between the City of Amesbury and Global Property Developers, a Massachusetts corporation with a principal place of business at 80 First Street Bridgewater Massachusetts, represented by Steven Callahan (hereinafter referred to as "COMPANY"). The facility is proposed as a 410,000square-foot athletic facility, with six hockey rinks (A), a 300-seat conference room and restaurant (B), and a 130,000 square-foot office building (C), in Amesbury, MA (see Appendix 2 for Site Location). The Atlantic Center, as proposed, would require an investment of more than \$40 million.

(b) Please describe the economic development goals for the proposed EOA during the first five years of EOA designation.

- Provide a means to stimulate private capital investment in commercial and industrial properties resulting in a substantive increase in net taxable property value.
- Encourage qualifying existing businesses to expand within the City of Amesbury.
- Attract new businesses that are compatible with the City of Amesbury.
- Foster reconstruction and renovation of vacant or underutilized commercial properties.
- Provide private funds to leverage public improvements that are mutually beneficial and necessary for the City and business community.
- Diversify the tax base and reduce the burden on residential properties.
- Stimulate the creation of jobs paying above the area median income for Amesbury.
- Increase the expediency at which redevelopment occurs by changing the financial options to development in a manner that favorably alters the financial feasibility.

Email Address:	scottw@amesburyma.gov				
<p>(a) Indicate the local standards and procedures for review of project proposals including:</p> <ul style="list-style-type: none"> (i) the application procedures, (ii) the timeframe for review and determination (iii) and the criteria and process for approval of project proposals (iv) Attachments of any additional documentation required (if applicable) <p>The project has approved zoning by the Planning Board and is nearing the completion of the process before the summer.</p>					
2. LOCAL APPROVAL STREAMLINING					
<p>(a) Provide a proposal and plan (or attach existing plan) to increase the ease of doing business by streamlining delivery of local services within the EOA such as the municipality's permit, approval and license procedures. See: "Best Practice Model for Streamlined Local Permitting"</p> <p>The EOA is comprised of the site which is zoned for the use. The City has begun the predevelopment process by coordinating departments toward facilitating an expeditious Building process.</p>					
<p>(b) Compliance with Community Reinvestment Act: Include a copy of a municipal plan or policy, if any exists, which links the municipality's choice of banking institutions to the bank's compliance with the requirements of the Community Reinvestment Act.</p>					<input type="checkbox"/> Attached <input checked="" type="checkbox"/> N/A

PART III. SPECIAL REQUIREMENTS FOR LARGE MUNICIPALITIES

This section must be completed by any municipality or member of a regional ETA with a population that exceeds fifty thousand (50,000) people. The population threshold should be calculated based on the most recent statistics available from the U.S. Bureau of the Census.

Please check appropriate selection:

- Municipality or regional ETA population exceeds 50,000 people (if checked, please complete the below Part III).
- Municipality or regional ETA population is less than 50,000 people (if checked, Part III. is not required, please skip to Part IV.)

1. MUNICIPAL INFRASTRUCTURE SUPPORT

Provide an analysis of the existing infrastructure support and municipal services, including transportation access, water and sewer hook-ups, lighting, and fire and police protection to and for certified projects within the proposed EOA(s). Indicate if the existing level of services and infrastructure is adequate to support the anticipated development in the proposed EOA(s).

Provide a proposal for meeting additional demand for municipal services and infrastructure improvement, including costs and funding sources available for these improvements.

The project is served by municipal sewer, water, and NGRID Gas and Electric.

2. JOB TRAINING PROGRAMS

Describe the municipality's plans to secure access to publicly or privately sponsored training programs for employees of certified projects and for residents of the municipality/ETA.

The COMPANY with the City of Amesbury is committed to a good faith effort of employing qualified residents of Amesbury and the Northern Essex Economic Target Area. To ensure that qualified residents of Amesbury and the Northern Essex ETA are made aware of job openings, the COMPANY plans to work with the One-Stop Career Center, Valley Works, located at Northern Essex Community College, 100 El liott Street, Haverhill , MA . In addition, the COMPANY plans to advertise job openings in the Haverhill Gazette and the Amesbury weekly area news. The City of Amesbury has created conditions within the TIF Agreement to coordinated and facilitate the above.

3. LOCAL COMMUNITY INVOLVEMENT

Describe the municipality's plans to increase the level of private sector involvement and the level of involvement by community development organizations in the economic revitalization of the area proposed for designation. For example, local involvement could include commitments from private persons to provide jobs and job training to residents or to employees who for certified projects in the proposed EOA(s).

The City of Amesbury has established a planning and implementation relationship with the Amesbury Chamber of Commerce through the Chamber Economic Development Committee. The City worked directly with the committee and property owners to establish the Amesbury Economic Incentive Guidelines. The guidelines have framed the opportunity for this proposal.

COMMONWEALTH OF MASSACHUSETTS
ECONOMIC ASSISTANCE COORDINATING COUNCIL
MASSACHUSETTS OFFICE OF BUSINESS DEVELOPMENT

PART IV. MUNICIPAL BINDING WRITTEN OFFER

The municipality completing this application must provide a **binding written offer** to provide either tax increment financing or a special tax assessment to each certified project located within the proposed EOA(s).

Please attach a copy of the municipality's binding written offer.

- (i) **In cities**, this shall be in the form of a City Council Order or Resolution, along with a Certified Vote by the City Clerk.
- (ii) **In towns with Town Meeting form of government**, this shall be in the form of a Town Meeting Motion, along with a Certified Vote by the Town Clerk.
- (iii) **In towns with Town Council form of government**, this shall be in the form of a Town Council Order or Resolution, along with a Certified Vote by the Town Clerk.

Appendix 7 TIF Agreement Proposal

TAX INCENTIVE FINANCING AGREEMENT
CITY OF AMESBURY, MASSACHUSETTS
and
GLOBAL PROPERTY DEVELOPERS

This Agreement, and all attachments hereto, and incorporated herein, heretofore, hereinafter, and in any other documents, is made this _____ of May 2018, by and between the CITY OF AMESBURY, a municipal corporation duly organized under the laws of the Commonwealth of Massachusetts, having its principal place of business at City Hall, 85 Front Street, Amesbury, Massachusetts 01810, acting through its Mayor, Ken Coy (hereinafter referred to as "CITY"), and Global Property Development Corporation, a Massachusetts corporation with a principal place of business at 50 First Street, Andover, Massachusetts 01810, hereinafter referred to as "COMPANY". This Agreement is being entered into by the CITY and COMPANY in the best interests of the CITY and COMPANY and for the purpose of providing for the development of the property located at _____, Andover, Massachusetts 01810, hereinafter referred to as the "PROPERTY".

WHEREAS, the COMPANY wishes to improve and thereby increase the value of the property located at _____, Andover, Massachusetts 01810, hereinafter known as the PROPERTY as shown in Attachment "EXHIBIT A"; and WHEREAS, pursuant to the City of Amesbury "Guidelines for Investors", the CITY is willing to grant a tax abatement to offset the project's site-specific development constraints, in return for services to be provided by the COMPANY as stated herein, and

WHEREAS, the COMPANY is seeking the abatement funding transaction from the CITY (the "TRANSACTION") in order to enhance the financial viability of the proposed project to be established at the PROPERTY in accordance with the Massachusetts Economic Development Incentive Program and Chapter 21A of the Massachusetts General Laws, and

WHEREAS, the COMPANY by construction, occupancy, and operation of the proposed project will create employment opportunities, and

WHEREAS, the proposal by the COMPANY will create additional tax revenue above the current value of the PROPERTY, and

WHEREAS, the Amesbury City Council voted to adopt the "Amesbury Economic Guidelines", contained in the report titled "The City of Amesbury Economic Revitalization Strategy: An Approach to Livable Prosperity" (the "Economic Growth Plan 2017"), as a means to support the use of tax incentive financing as a tool to encourage economic development within the northern Essex regional Economic Development Area, and

WHEREAS, the COMPANY has taken the initial steps and filed with the City a letter of interest and an SBR application, as provided in Attachment "EXHIBIT B"; and

This Agreement - Global Property Development Corporation

**TAX INCREMENT FINANCING AGREEMENT
CITY OF AMESBURY, MASSACHUSETTS
and
GLOBAL PROPERTY DEVELOPERS**

This document, and all attachments hereto, and incorporated herein, hereinafter referred to as the "AGREEMENT" is made this _____ of May 2018, by and between the CITY OF AMESBURY, a municipal corporation duly organized under the laws of the Commonwealth of Massachusetts, having a principal place of business at City Hall, 62 Friend Street, Amesbury, Massachusetts, 01913, acting through the Mayor, Ken Gray (hereinafter referred to as "CITY"), and Global Property Development Corporation, a Massachusetts corporation with a principal place of business at, 80 First Street, Bridgewater Massachusetts 02324, represented by Steven Callahan, CEO (hereinafter referred to as "COMPANY"). The exemptions associated with this AGREEMENT will take effect beginning in the fiscal year the COMPANY receives their certificate of occupancy.

WHEREAS, the COMPANY wishes to improve, and, thereby, increase the value of the property located at 24 South Hunt Road, Amesbury, hereafter known as the PROPERTY as shown in Attachment, "EXHIBIT A"; and,

WHEREAS, pursuant to the City of Amesbury "Guidelines for Incentives", the CITY is willing to grant a tax concession to off-set the project's site-specific development constraints, in return for guarantees by the COMPANY as cited herein; and,

WHEREAS, the COMPANY is seeking a Tax Increment Financing Exemption from the CITY (the "EXEMPTION") in order to enhance the financial viability of the proposed project to be established at the PROPERTY, in accordance with the Massachusetts Economic Development Incentive Program and Chapter 23A of the Massachusetts General Laws; and,

WHEREAS, the COMPANY by construction, occupancy, and operations of the proposed project will create employment opportunities; and,

WHEREAS, the proposal by the COMPANY will create additional taxation above the current values of the PROPERTY; and,

WHEREAS, the Amesbury City Council voted to adopt the "Amesbury Incentive Guidelines", contained in the report titled "The City of Amesbury Economic Incentives Strategy, An Approach to Leverage Positive Economic Growth, March 2014", as a means to support the use of Tax Increment Financing as a tool to encourage economic development, within the Northern Essex Regional Economic Target Area; and

WHEREAS, The COMPANY has taken the initial steps and filed both a letter of interest and an EDIP Preliminary Application as provided in Attachment, "EXHIBIT B"; and,

TIF Agreement – Global Property Development Corporation

WHEREAS, the Amesbury City Council resolved on May _____ 2018 to endorse this AGREEMENT, the Economic Opportunity Area Designation, and the Tax Increment Financing Plan, and the authorization to submit to the EACC, as negotiated by the CITY and the COMPANY.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the parties do mutually agree as follows:

- A. **THE COMPANY'S OBLIGATIONS:** The EXEMPTION granted to the COMPANY by the CITY is in consideration the COMPANY'S commitments, stated hereafter as follows:
1. The COMPANY shall purchase the property, within eighteen-months of the approval by the EACC, and construct on the PROPERTY the Atlantic Center with approximately 410,000 sq. ft., with a proposed estimated property investment value of \$40,000,000 million, as further described in the Planning Board plans: titled, "Global Property Developers Corporation, Atlantic Sports Center, dated January 10, 2018, comprised of 39 pages and as may be amended", (hereafter the "FACILITY"). The FACILITY shall be located on Assessor's Parcel ID 95/5/B. For an exact location of the FACILITY, refer to Attachment, "EXHIBIT A."
 2. The COMPANY shall create 50 permanent, full time jobs within five (5) years from the state incentive award, under the Massachusetts Economic Development Incentive Program.
 3. Subject to any applicable laws or regulations, and assuming equal qualification, the COMPANY shall use best efforts to afford priority to local contractors, vendors and suppliers, in connection with the construction of the FACILITY. The COMPANY shall hold a vendor fair, three months prior to issuance of the occupancy permit, to invite local businesses to provide opportunities to conduct business with the COMPANY at the FACILITY.
 4. In the form and manner as mutually agreed to by the COMPANY and CITY, the COMPANY shall advertise locally for employment of Amesbury residents and hold a local job fair for the initial project applicants. The COMPANY must illustrate that at least 51% of the jobs must be afforded the opportunity to be filled by City of Amesbury residents, with the employer working through established public and quasi-public employment service entities, within the City of Amesbury.
 5. The COMPANY shall submit annual reports of job creation, retention and new investment at the FACILITY, to both the State of Massachusetts and to the Community Development Office, of the City of Amesbury, for which the tax benefits granted herein are enjoyed. Reports shall be submitted in the time frame and with the information as required by the State of Massachusetts, and forwarded to the CITY fourteen-days prior to such submittal. The annual report shall include:
 - a. the number of permanent, full-time jobs created, and the number of people hired, from the ETA for both the annual time period, and on a cumulative basis; and,
 - b. the value of the improvements invested by the COMPANY in the FACILITY both annually, and on a cumulative basis; and,
 - c. the number of construction jobs created, and the number of residents hired from the ETA during the construction period, as applicable.
 - d. Other information as maybe required by the Commonwealth of Massachusetts.

6. To pay all real estate taxes and utility fees owed the CITY relating to the FACILITY in a timely fashion.
7. To comply with any and all local and State permits, as required to obtain an eventual occupancy permit. To further continue such compliance as required to sustain occupancy and operations.
8. During the life of the Agreement, if the COMPANY decides to sell the FACILITY, or the business, or to otherwise transfer control of the FACILITY or business and/or operations thereof, the COMPANY shall give the CITY at least ninety-(90)-days written notice of said sale or transfer. Said notice shall be given by certified mail, return receipt requested, to the Office of the Mayor, City Hall, 62 Friend Street, Amesbury, Massachusetts, 01913.
9. The COMPANY shall give the CITY ninety-(90)-days prior notice of any corporate decision to either: (i) change the nature, character, or scale of their business operations at the FACILITY to one other than originally proposed herein, or, (ii) cease their business operations at the FACILITY. The CITY shall have the option to continue or to cease this AGREEMENT, based on the nature of these changes.

B. THE CITY'S OBLIGATIONS:

1. The CITY shall grant a tax increment financing exemption to the COMPANY, in accordance with Massachusetts General Laws, Chapter 23A, Section 3E, Chapter 40, Section 59, and Chapter 59, Section 5. The exemption shall be for the period of fifteen (15) years (the "EXEMPTION PERIOD"), commencing with Fiscal Year 2020 (which begins July 1, 2019) and ending with Fiscal Year 2035 (which ends June 30, 2034) and shall provide a percentage EXEMPTION from taxation, as described in the table below, on the increased value of the FACILITY, resulting from the FACILITY improvements.
2. The agreed base valuation of \$444,838 for FY 2018 is established as the assessed value of the FACILITY. The Tax Increment Financing Exemption formula for the FACILITY will be calculated as prescribed by Massachusetts General Laws and regulated by the Department of Revenue, and shall apply to the incremental difference in the above assessed real property tax valuation of the PROPERTY, and its assessed valuation for each of the next fifteen (15) fiscal years.
3. The Base Valuation is adjusted annually by an adjustment factor which reflects increased commercial and industrial property values within the community, as defined in Massachusetts General Laws. Any increase in the assessed value of the PROPERTY over the Base Valuation, or "increment", attributable to the renovations and/or improvements made in connection with the FACILITY is that amount eligible for exemption from taxation (the "Tax Increment Financing Exemption").
4. The calculations employed during the TIF negotiations are only to provide estimates and are therefore understood to be based on a moment in time with inflation and other factors set in the applicable spreadsheets, and, further that such calculations are not an accurate prediction of the actual market factors that may occur to derive the eventual bottom line sought by the developer. The outcome of this process is the percentage incentive cited in item seven below, and not the anticipated bottom line savings which is only meant as an estimated target for the COMPANY.

5. The EXEMPTION becomes effective as established herein, or on the July 1st subsequent to these circumstances having occurred; the date on which the EACC approves the TIF Plan pursuant to which this AGREEMENT is executed, as provided in 760 CMR 22.05 (4)(d).
6. The issuance of the occupancy permit for the FACILITY, as outlined herein, shall be required within one-year of the start of the TIF term, as outlined below.
7. The CITY finds that the development costs of the site requires a term in excess of five-years and hereby affords a term of fifteen-years. The exemption schedule on the value of the FACILITY is as follows: for each of the fifteen-years of this AGREEMENT, the COMPANY will be granted a Real Estate exemption of the approved percentage of the full value of the FACILITY, and pay taxes on the non-exempt value of the FACILITY. Commencing in Fiscal Year 2035, and for each year thereafter, the COMPANY will pay taxes on the full value of the FACILITY. The EXEMPTION shall not include Personal Property taxes. The EXEMPTION shall be calculated and remain unchallenged for each fiscal year as follows:

Fiscal / Month Year	Exemption Percent	Fiscal / Month Year	Exemption Percent	Fiscal / Month Year	Exemption Percent
2020/July 2019	48	2025/July 2024	32	2030/July 2029	24
2021/July 2020	48	2026/July 2025	32	2031/July 2030	24
2022/July 2021	48	2027/July 2026	32	2032/July 2031	24
2023/July 2022	48	2028/July 2027	32	2033/July 2032	24
2024/July 2023	48	2029/July 2028	32	2034/July 2033	24

8. Offsite Improvements and Adjustment to Agreement: To facilitate the construction of the FACILITY, the CITY will use the District Improvement Financing (DIF) program and apply for the MassWorks grant program, through the Commonwealth of Massachusetts, to fund the offsite Infrastructure Improvements, (hereafter referred to as IMPROVEMENTS). If the CITY is not successful acquiring MassWorks funds for the IMPROVEMENTS, thereby requiring the entire infrastructure obligation to result from the DIF, or the MassWorks award is not sufficient and will require more DIF funds than anticipated, or the cost of the IMPROVEMENTS have increased beyond the anticipated budget, then, the CITY shall lower the percentage cited above, to allow for an increase in the DIF percentage, to generate sufficient revenue to fund the IMPROVEMENTS. The adjustment to this agreement will be negotiated between the CITY and the COMPANY in a manner that provides sufficient funds for the IMPROVEMENTS.

C. OTHER CONSIDERATIONS:

1. If after 30-days written notice to the COMPANY by the CITY, the COMPANY fails to meet the job creation and investment commitments, specified herein, or fails to comply with all reporting requirements specified in this agreement, the CITY, acting through its Mayor, may, at its sole discretion, take action to request decertification of the project by the Economic Assistance Coordinating Council (EACC). Upon decertification, the CITY shall discontinue the Tax Increment Financing Exemption benefits described herein, commencing with the fiscal year for which the COMPANY did not meet its commitments. The above decertification is notwithstanding any independent actions by the Commonwealth of Massachusetts, as allowed by law.

2. This Tax Increment Financing Agreement shall be binding on all subsequent owners of the property. The CITY reserves the right to review and negotiate the Tax Increment Financing Agreement if the business activity ceases to be fully operational during the life of the Tax Increment Financing Agreement.
3. If the COMPANY decides to expand the FACILITY at any time during the life of the Tax Increment Financing Agreement, the CITY and the COMPANY may renegotiate the Tax Increment Financing Agreement to exempt all or part of the expansion from property taxes. The exact amount of that exemption will be determined at the time of the expansion.

Executed as a sealed instrument, on the day, month and year first above written.

Appendix 8 City Council Order & AEIC Vote

CITY OF AMESBURY
IN THE YEAR TWO THOUSAND EIGHTEEN

RESOLVED BY _____
Mayor Gray

An Order that the Amesbury City Council hereby takes the following action, as authorized by the City Charter, for the purpose of collectively approving a Tax Increment Financing (TIF) Agreement for the development of a project as described herein, and further described in the attached exhibits, which are incorporated herein by reference.

It is Ordered by the City Council of the City of Amesbury, assembled, and in the presence of the Mayor, as follows: That the Amesbury City Council hereby votes to approve and authorize the Mayor to enter into the following Tax Increment Financing (TIF) Agreement with the Amesbury Economic Development Authority (AEDA), a Tax Increment Financing Authority, established by Amesbury Assessor's Map 22 (April 2012), located in the City of Amesbury, Massachusetts, comprising of 20.04 acres (hereinafter referred to as the "PROPERTY"), a Tax Increment Financing Authority, established by Amesbury Assessor's Map 22 (April 2012), located in the City of Amesbury, Massachusetts, and between the City of Amesbury and the Amesbury Economic Development Authority, a Tax Increment Financing Authority, established by Amesbury Assessor's Map 22 (April 2012), located in the City of Amesbury, Massachusetts, (hereinafter referred to as "COMPANY").

WHEREAS, the COMPANY wishes to acquire and thereby increase the value of the property located at 24 South Street, Amesbury, Massachusetts (hereinafter referred to as "PROPERTY"), and the City is willing to grant a TIF Agreement to the City of Amesbury Economic Development Authority, the City is willing to grant a TIF Agreement to effect the project's site-specific development consistent in return for the granting of the TIF Agreement as cited herein and

whereas, the COMPANY is seeking a Tax Increment Financing Exemption from the City, through the execution of the agreement, as provided in "EXHIBIT 5", in order to enhance the financial viability of the proposed project to be established at the PROPERTY, in accordance with the Massachusetts Economic Development Incentive Program and Chapter 23A and Chapter 13 of the Acts of 1982 and 1983 and

WHEREAS, the COMPANY, by contract, occupancy, and operation of the proposed project will create employment opportunities and

WHEREAS, the project by the COMPANY will create additional taxation, above the current value of the PROPERTY and

Mayor Gray

An Order that the Amesbury City Council hereby takes the following actions, as individually cited below, for the purpose of collectively approving a Tax Increment Financing incentive for Global Property Developers, as described herein, and further described in the attachments, which are incorporated herein, by reference.

Be it Ordained by the City Council of the City of Amesbury, assembled, and by the authority of the same, as follows: that the Amesbury City Council hereby votes to approve and authorize the Mayor to take action on the following: Designation of the 24 South Hunt Road Economic Opportunity Area, located at 56 South Hunt Road in Amesbury, referenced by Amesbury Assessors Map 95 parcel 5/B, Essex County Registry of Deeds Book 458 and Page 29, comprised of 50.74 acres (hereafter referred to as the PROPERTY), a Tax Increment Financing Zone Application and Tax Increment Financing ("TIF") Plan, a Tax Increment Financing Agreement, by and between the City of Amesbury and Global Property Developers, a Massachusetts corporation with a principal place of business at 80 First Street Bridgewater Massachusetts, represented by Steven Callahan (hereinafter referred to as "COMPANY").

WHEREAS, the COMPANY wishes to improve and thereby increase the value of the property located at 24 South Hunt, Amesbury, hereafter known as PROPERTY, as shown in "EXHIBIT A"; and,

WHEREAS, pursuant to the City of Amesbury Guidelines for Incentives, the CITY is willing to grant a tax concession, to off-set the project's site-specific development constraints, in return for guarantees by the COMPANY, as cited herein; and,

WHEREAS, the COMPANY is seeking a Tax Increment Financing Exemption from the CITY, through the execution of the agreement, as provided in "EXHIBIT B", in order to enhance the financial viability of the proposed project to be established at the PROPERTY, in accordance with the Massachusetts Economic Development Incentive Program and Chapter 23A and Chapter 19 of the Acts of 1993 and 402 CMR 2.00; and,

WHEREAS, the COMPANY, by construction, occupancy, and operations of the proposed project will create employment opportunities; and,

WHEREAS, the proposal by the COMPANY will create additional taxation, above the current values of the PROPERTY; and,

WHEREAS, the Amesbury City Council voted to adopt the Amesbury Incentive Guidelines, contained in the report titled "The City of Amesbury Economic Incentives Strategy, An Approach to Leverage Positive Economic Growth March 2014", as a means to support the use of Tax Increment Financing as a tool to encourage economic development, within the Northern Essex Regional Economic Target Area; and,

WHEREAS, the COMPANY has taken the initial steps and filed both a letter of interest and an EDIP Preliminary Application, as provided in "EXHIBIT C";

NOW, THEREFORE, BE IT Ordered by the City Council and the City of Amesbury that:

1. The City Council hereby authorizes the Mayor of the City of Amesbury to file an application and seek approval with the state Economic Assistance Coordinating Council (EACC) to establish an Economic Opportunity Area (EOA) for the PROPERTY, to be known as the 24 South Hunt Economic Opportunity Area.
2. The City Council hereby approves the THE ATLANTIC CENTER - TAX INCREMENT FINANCING PROPOSAL, GLOBAL PROPERTY DEVELOPERS APRIL 2018 which is attached hereto, and incorporated herein, by reference.
3. The City Council hereby authorizes and requests the Mayor to execute, on behalf of the City, a TIF Agreement; and, submit the TIF Zone and Plan to the EACC for its approval and certification, pursuant to 402 CMR 2.18 and 751 CMR 11.06.
4. The City Council hereby designates the area known the PROPERTY as a TIF Zone, pursuant to M.G.L. c.40 Sec. 59 and 751 CMR 11.04.
5. The Mayor shall be authorized to submit any and all required materials to the Commonwealth of Massachusetts' Economic Assistance Coordinating Council, and to take such other action and execute any such documents on behalf of the City, as may be necessary to carry out this order, the TIF Plan, and the TIF Agreement.

Amesbury Economic Incentive Committee

Recommendation to the Mayor

CITY OF AMESBURY, MASSACHUSETTS and

Global Property Developers

March 29, 2018

The Amesbury Economic Incentives Committee (AEIC) of the City of Amesbury, assembled on March 29, 2018 at 4 PM, pursuant to the Economic Incentive Guidelines, in response to the proposal titled Tax Increment Financing Proposal 24 South Hunt Global Property Developers for the property located at 24 South Hunt in Amesbury, Assessors Map 95 parcel 5-B, Essex County Registry of Deeds Book 458 and Page 29 comprised of 50.74 acres. (Hereafter referred to as the PROPERTY) voted as follows:

The AEIC hereby votes to accept the above referenced report and recommend to the Mayor to take action as follows:

1. Support the Mayor's application for the TIF and the application to the Economic Assistance Coordinating Council (EACC) to establish an Economic Opportunity Area (EOA) for the PROPERTY, to be known as the 24 South Hunt Economic Opportunity Area; and
2. Support the approval by the City Council for the TAX INCREMENT FINANCING ZONE AND PLAN CITY OF AMESBURY, MASSACHUSETTS and Global Property Developers for 24 South Hunt; and
3. Request the City Council authorize and requests the Mayor to execute on behalf of the City a TIF Agreement and submit the TIF Zone and Plan to the EACC for its approval and certification pursuant to 402 CMR 2.18 and 751 CMR 11.06.
4. Request the City Council hereby designate the area known the PROPERTY as a TIF Zone pursuant to M.G.L. c.40 Sec. 59 and 751 CMR 11.04.
5. Request the City Council authorize the Mayor to submit any and all required materials to the Commonwealth of Massachusetts Economic Assistance Coordinating Council and take such other action and execute any such documents on behalf of the City as may be necessary to carry out this order, the TIF Plan and the TIF Agreement.
6. Accept the waiver for job creation with the understanding that the overall employment while not meeting the EDIP requirements will provide substantial employment whether new or relocated to the facility. The conservative estimate is 400 jobs based on 1 job per 1,000 square feet of facility.

This recommendation is based on the information contained in the attached document titled "The Atlantic Center Tax Increment Financing Proposal" (attached hereto and incorporated herein by reference) for the property located at 24 South Hunt Road in Amesbury, Global Property Developers, and any attachments therein, which clearly demonstrates that the criteria as set forth in the City of Amesbury Economic Incentive Guidelines are met and/or exceeded by the proposal.
