Ms. Ayres, Mr. Dion and Mr. Johnson,

The City of Amesbury has received your petition #18409082 requesting permission to locate poles, wires, and fixtures, including the necessary sustaining and protecting fixtures, along and across the public way known as Elm St.

The Amesbury City Council will be meeting on Tuesday, May 14, 2019 at 7:00 pm in the City Hall Auditorium at which time this pole hearing will be heard.

A copy of the abutters list is attached for your review and each abutter has been notified by certified mail of the meeting and to contact you or their District Councilor should they have any questions.

I have also enclosed a copy of a letter of review from the City Engineer, Peter Manor. Any questions should be referred to him directly at 978-388-8116.

Please plan to attend or have an informed representative at the meeting who can answer any questions the Council may have.

If you have any questions or concerns regarding this matter, please do not hesitate to contact the office.

Sincerely,

Sharon Dunning

MEMORANDUM

Date: May 3, 2019

Atten: Municipal Council

Subject: National Grid & Verizon Joint Utility Pet. #18409082
Elm Street proposed Joint Pole Relocation Petitions received March 29, 2019

The Amesbury DPW has reviewed the proposed Joint Pole Relocation Petition as requested by National Grid and Verizon for Elm Street in Amesbury on the Proposed Plans numbered # 18409082 dated February 6, 2019 with six plans dated July 11, 2018. The petition was received by the City Clerk on March 29, 2019.

The DPW has no significant concerns with the relocation and placement of the poles. The proposed locations are presented in conjunction with the Elm Street Reconstruction Project to be completed by the State. The petition plans shall be presented to MADOT for approval if they have not already been approved. All six plans provided by Nation Grid and Verizon are all part of the same petition for the State Reconstruction of Elm Street.

The DPW review was completed to address the City's concerns of possible underground utility conflicts. This review was not intended to provide any indication that the property owners or abutters to the proposed work locations (including MADOT) have no concerns with the petition.

Prior to installation of any Poles, Dig safe, the City of Amesbury Department of Public Works, and the City Water and Sewer Departments shall be informed of the proposed activities.

Should additional information be required, please feel free to contact Rob Desmarais, DPW Director, or myself.

Sincerely,

Peter A. Manor
Director of Watershed & Infrastructure
