I would like to use my past experience from the Lakes and Waterways Commission and from the Lake Attitash Association to assist our city in improving our water resources from a recreational perspective, wildlife perspective and ensuring quality water enters the water treatment plant.

Amesbury has decent water resources to offer its residents. Lake Attitash, Lake Garner, Clark's Pond, Tuxbury Pond, Meadowbrook Pond, Patten's Pond, the Powow River and Merrimack River need continual support and maintenance. It's important for the Lakes and Waterways commission to work with the Amesbury Conservation Commission to support the balance of development and maintenance to ensure that the water bodies continue to be available for the use of our community.
