### Which Board, Commission or Committee are you applying for?

Conservation Commission

### Other:

### Please explain why you would like to serve on a particular Board, Commission or Committee.

As a Professional Engineer in Civil and Environmental Engineering, and a Certified Professional of StormWater Quality, as well as working in the stormwater industry, I have a passion for protecting our environment, upholding regulation, but also being a part of the solution. Instead of simply saying no, I would bring a perspective that would plan to enforce, but also give potential solutions on how goals that are reasonable could be met.

### Please briefly describe your education and any relevant work or life experience or other activity which, in your opinion, would be beneficial in carrying out the responsibilities of this office. If necessary, attach additional sheets or your resume.

10+ years experience in the stormwater industry designing, educating and supplying systems focused on municipal water quality, flooding, and sustainability.

Master's thesis focused on the transport of Phosphorous & Nitrogen in native soil due to varying factors in the natural state.

**Please list any City offices you have held in Amesbury or elsewhere. Please share the name of the Office held, the date you were appointed or elected, and the date when your term expired.**

None

**Public service on a Board, Committee, or Commission can be demanding. Please indicate the realistic time commitment you are willing and able to make.**

2 - 4 hours per week

**Additionally, please describe any standing commitments you may have which might conflict with set meeting schedules.**

Currently I travel or work (not as much in Coronavirus time). That said, knowing that Monday evenings are the meetings, my absence during these meetings could be kept to a minimum.

**How did you hear about the vacancy on this City Board, Committee or Commission?**
