### **Which Board, Commission or Committee are you applying for?**

Conservation Commission

### **Other:**

### **Please explain why you would like to serve on a particular Board, Commission or Committee.**

I would like to serve on Conservation Commission because I would like to use my knowledge as a former environmental scientist and current landscaper, specializing in native plants, to give back to my community. I've worked with members of various Conservation Commissions in both lines of work and have a lot of respect for upholding regulations.

### **Please briefly describe your education and any relevant work or life experience or other activity which, in your opinion, would be beneficial in carrying out the responsibilities of this office. If necessary, attach additional sheets or your resume.**

I am currently a landscaper, specializing in native and low water use plantings. I was an environmental scientist for a decade prior to landscaping, but have found my calling working with plants. I have a BA in Natural Science from St. Anselm's College, ten years

of work experience in environmental science and almost twenty years in horticulture. Having been on both sides of the regulatory fence, I work well with people.

**Please list any City offices you have held in Amesbury or elsewhere. Please share the name of the Office held, the date you were appointed or elected, and the date when your term expired.**

None.

**Public service on a Board, Committee, or Commission can be demanding. Please indicate the realistic time commitment you are willing and able to make.**

2 - 4 hours per week

**Additionally, please describe any standing commitments you may have which might conflict with set meeting schedules.**

Besides current homeschooling for my 12 year old son (only 2.5 weeks left) and work during the day, I'll be available. I have no standing commitments during meeting times.

**How did you hear about the vacancy on this City Board, Committee or Commission?**

Word of Mouth
