Subject: National Grid and Verizon Joint Pole Pet. -  
WR #31180928 83 Lake Attitash Rd. Pole  
Installation Petition Sketch received 11-6-  
2025

Amesbury Public Works has reviewed the proposed Pole Installation requested by National Grid and Verizon for 83 Lake Attitash Rd. in Amesbury on the Petition Plan WR# 31180928 dated September 17, 2025 and received by the City on November 6, 2025.

Public Works has no significant concerns with the installation of a new pole 4. National Grid and Verizon confirm that the proposed installation does not conflict with other utilities within the edge of the City right of way prior to installation.

Public Work's review was completed to address the City's concerns of possible underground utility conflicts. This review was not intended to provide any indication that the property owners abutting the proposed pole location have no concerns with the pole.

Prior to installation or relocation of any utility pole, DIGSAFE, the City of Amesbury Department of Public Works, and the City Water and Sewer Departments shall be informed of the proposed activities.

Should additional information be required, please feel free to contact Lisa DeMeo, Assistant Director, or myself.
