**An Ordinance** to amend the Amesbury Code of Ordinances Chapter 237  
Cemeteries to update and add a fee schedule.

**Summary:** The City of Amesbury voted to accept Article 17, Section 9 via Bill No.2007-041 on June 12, 2007. This Article is now Chapter 237 in Amesbury's Code of Ordinances. The purpose of this ordinance is to amend Chapter 237 to update various provisions and to codify a fee schedule. Currently, the city outsources the interment, which includes digging of grave, installing liner, backfilling grave, and arranging the date of burial, and these costs are privately funded and managed by the private individual. Through a comparative analysis of area communities' cemetery lot fees as well as reviewing the November 2021 Comprehensive Review of Municipal Fees by the Edward J. Collins, Jr. Center for Public Management, the Cemetery Advisory Commission has provided the included recommended Schedule of Fees.
