### Which Board, Commission or Committee are you applying for?

Energy Committee

### Other:

### Please explain why you would like to serve on a particular Board, Commission or Committee.

I have been attending the monthly Energy Committee meetings since August of this year. I am very interested in sustainable development, renewable resources and electric cars - the charging stations were what excited me about moving to Amesbury, demonstrating as they do a town with a positive attitude, forward-thinking and embracing the future. The aggregated electricity project is of great interest, as a community strength.

### Please briefly describe your education and any relevant work or life experience or other activity which, in your opinion, would be beneficial in carrying out the responsibilities of this office. If necessary, attach additional sheets or your resume.

, so no particular expertise on that score. I am familiar with small budgeting, as a production manager for a major New York book publisher; I taught English for many years, and so am very comfortable reaching out to people, educating and explaining positions, should the need ever arise. I was an active member of a couple of nodes of 350Maine for two years, managing the completion of a new website that had been in the works for many years, creating small PowerPoint programs to explain Maine's net metering policy and credits and generally to promote solar power in Maine. I was also an active member of the Maine Electric Vehicle Association, and assisted with two

National Drive Electric Week event, manning the site and promoting electric vehicles. I work well on teams.
