Kassandra Gove, Mayor

An Order to authorize the Mayor to expend, for its second year, a Drug Free Communities Support Program Grant from the United States Department of Health and Human Services (HHS) Centers for Disease Control and Prevention (CDCP).

Summary: This \$125,000.00 Federal grant from HHS/CDCP will continue to fund the Partnership of Amesbury Community and Teens (PACT) Coalition's Substance Abuse Prevention Program. This project has a total yearly value of \$250,090.00, with \$125,090.00 of non-federal City match, and has been approved from December 31, 2020 through September 29, 2025. It is anticipated that the grant may be renewed beyond the end of this period if the program achieves demonstrated success.

Be it Ordered by the City Council of the City of Amesbury assembled, and by the authority of the same as follows:

That the City of Amesbury authorizes the Mayor to expend, for its second year, a Drug Free Communities Support Program Grant from the United States Department of Health and Human Services (HHS) Centers for Disease Control and Prevention (CDCP) in the amount of \$125,000.00.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Financial Assistance Mechanism: Grant

Key Personnel: In addition to the Principal Investigator/Project Director identified in this Notice of Award, the application and work plan included individuals considered key personnel. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

FUNDING RESTRICTIONS AND LIMITATIONS

Notice of Funding Opportunity (NOFO) Restrictions: Restrictions that must be considered while planning the programs and writing the budget are:

- Recipients may not use funds for research.

- Recipients may not use funds for clinical care except as allowed by law.
- Recipients may use funds only for reasonable program purposes, including personnel, travel, supplies, and services.
- Generally, recipients may not use funds to purchase furniture or equipment. Any such proposed spending must be clearly identified in the budget.
- Reimbursement of pre-award costs generally is not allowed, unless the CDC provides written approval to the recipient.
- Other than for normal and recognized executive-legislative relationships, no funds may be used for:
 - publicity or propaganda purposes, for the preparation, distribution, or use of any material designed to support or defeat the enactment of legislation before any legislative body

- See [Additional Requirement \(AR\) 12](#) for detailed guidance on this prohibition and [additional guidance on lobbying for CDC recipients](#).
- The direct and primary recipient in a cooperative agreement program must perform a substantial role in carrying out project outcomes and not merely serve as a conduit for an award to another party or provider who is ineligible.
- In accordance with the United States Protecting Life in Global Health Assistance policy, all non-governmental organization (NGO) applicants acknowledge that foreign NGOs that receive funds provided through this award, either as a prime recipient or subrecipient, are strictly prohibited, regardless of the source of funds, from performing abortions as a method of family planning or engaging in any activity that promotes abortion as a method of family planning, or to provide financial support to any other foreign non-governmental organization that conducts such activities. See Additional Requirement (AR) 35 for applicability (<https://www.cdc.gov/grants/additionalrequirements/ar-35.html>).

- DFC grant funds **may not** be used for stipends, as defined in the HHS Grants Policy Statement (GPS).

The recipient must receive and expend non-Federal matching funds as required in the NOFO and the Drug-Free Communities Act. The DFC Program is funded and directed by the Office of National Drug Control Policy (ONDCP) and partners with the Centers for Disease Control and Prevention (CDC) for day-to-day management. While responsibility rests with the recipient for achieving the primary goals of the program, CDC shall monitor and provide continuing technical assistance, consultation, and coordination in the execution of the project during the funding period. DFC Management and Evaluation (DFC Me) System

DFC Me is also your one-stop shop for submitting Semi-Annual Progress Reports, sharing best practices, receiving the latest program and training updates, and the ability to request technical assistance.

The Program Director and Project Coordinator of the DFC-funded coalition must participate in the DFC Me system (<https://dfcme.ondcp.eop.gov/>), so that they receive information from ONDCP DFC Staff on a regular basis. This includes submitting contact information for each of the required 12 sector representatives. Key Personnel should discuss the use of the DFC Me system with sector members chosen to represent each sector, so that they understand their role in distribution of information sent to them. Information sent to specific sectors will always be sent to the Key Personnel.

DFC-funded coalitions will receive additional information on the DFC Me system via email from their assigned DFC PO. For more information on the DFC Me system, please contact the DFC National Evaluation Team at dfc_evaluators@icf.com.

Award Expectations and Noncompliance

The eligibility and program requirements originally outlined in the NOFO must continue to be adhered to as the funded project is implemented. Recipients must comply with the performance goals, milestones, outcomes, and performance data collection as reflected in the NOFO and related policy and guidance, as well as the certifications and assurances submitted with the award application.

Failure to meet any one of these requirements is considered non-compliance with program and grant regulations. If for any reason you do not comply with the applicable terms, conditions, rules and regulations, or deadlines for the DFC Program, your grant will be subject to the Progressive Discipline and Appeals Process. There are three progressive discipline actions that can be taken: 1) Addition of special terms or conditions, 2) Suspension, and 3) Termination.

Failure to comply with Special Terms and Conditions may also result in a financial drawdown restriction on your Payment Management System account or denial of funding in the future. Additional terms and/or conditions may also be applied to this award if outstanding financial or programmatic compliance issues are identified by Centers for Disease Control and Prevention (CDC).

Corrective Action Plan (CAP)

When requested by the DFC PO, the recipient must develop a Corrective Action Plan (CAP) and complete the approved plan within the designated timeframe designated by the DFC PO. The Corrective Action Plan must be designed to address potential or identified deficiencies in performance and/or in the conditions contributing or causing the identified unsatisfactory performance. Failure to submit a responsive CAP may result in a determination of non-compliance with program and grant regulations and the addition of special terms or conditions to the award.
